- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.

- For each project application rejected by the CoC the Collaborative Applicant must select the reason for the rejection from the dropdown provided.

- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

Jackson County Continuum of Care

November 1, 2021

Co-Chair

Derek Dobies
Mayor
City of Jackson
161 W. Michigan
Jackson, MI 49201

Mayor Dobies:

Enclosed you will find a copy of the HUD Certification of Consistency with the Consolidated Plan form (HUD-2991). The Jackson County Continuum of Care (CoC) is required to submit this form in order to receive renewal funding for programs that are funded through HUD's Continuum of Care Homeless Assistance Program for Community Action Agency and Training and Treatment Innovations. The total amount of funding brought to Jackson County currently through the Continuum of Care is \$864,294.

As you can see by the attached project list (Attachment A), the CoC is applying for renewal on 5 program grants, 2 new program grants and a planning grant. The new grants that we have requested are for an expansion of our current Rapid Rehousing renewal grant through Permanent Housing Bonus funds that were offered this year, and a new housing grant that would target survivors of domestic violence through new DV Bonus money available this year.

All of these programs support our homeless population in Jackson County. Five of these programs provide direct services for homeless families in Jackson County through rental assistance and/or supportive services provided by CAA and TTI. The overall goal of all of these programs is to assist families to move to permanent housing.

The HMIS project listed on Attachment A under CAA is for the Homeless Management Information System. CAA acts as the fiduciary for this grant. HUD and MSHDA mandate this web-based data management program for all providers receiving homeless assistance funding. It provides an opportunity for service providers to accurately track the homeless population in our county and gives us a way to report on that data.

The CoC is requesting that this document be signed so that CAA, TTI, and other homeless partner providers in Jackson County, can continue our work to assist homeless families to attain housing self-sufficiency. If you have any questions, please feel free to contact me at 517-784-4800.

Sincerely,

Laura Reaume

Scoring Tool Criteria (October 1, 2021)

Met all threshold requirements – 5

Renewal grant –5 points

Performance (Quality) Score – 0 – 3 points; 0 for non-performance; 1 for substantially poor performance based on APR and Application Performance questions (page 24); 2 for minor performance/quality issues reported; 3 pts for no performance issues

HUD priority – 2 points if application addressing a current HUD priority HUD identified in this year's NOFO. 0 points if not a current HUD priority

Community Priority – 3 points if addressing CoC local priority, 0 points if not a local priority

Emerging Issues – 1 point if identified as a newly emerging issue that is not a current community priority

A tiebreaker score from 2 – 4 will be provided to applicants with tied scores. Tiebreaker ranking determined by the impact of potential loss of program impacts community at large/CoC strategic Plans; then potential loss of program to residents, and finally capacity of agency's sustainability if program not funded. 4 points to a proposal with greatest potential impact on community work; 3 points for the program considered greatest loss to homeless residents; and 2 points if agency cannot be sustained if program unfunded and 1 point for any longstanding program that significantly supports homeless work that funding is considered not replaceable in short term.

The ranking done by the review/ranking community based on the criteria is then made as a recommendation to the full CoC membership, with the supporting rationale for the scoring. The full CoC membership votes to approve the ranking recommendation, or rejects the ranking criteria scores and approves alternative criteria/scores to rank the projects meeting threshold requirements.
